Experience

May 2023 - Apr 2024
WAMM LLC
WEB DEVELOPMENT INSTRUCTOR | MASTER CODER
Developed and delivered a comprehensive web development curriculum, aligning with the latest industry standards. Empowered students through hands-on training, preparing them for real-world challenges. Fostered an interactive learning environment, encouraging creativity and problem-solving.

Jun 2022 - April 2023
FOXCOM LTD
FRONT-END DEVELOPER
Played a pivotal role in designing and developing user-friendly web applications using React. Collaborated cross-functionally to optimize user experience and ensure seamless functionality. Participated in debugging sessions, improving application performance and reliability.

Oct 2023 - Jan 2024
ROOCHE DIGITAL
BACKEND DEVELOPER
As a Back-end Developer at Rooche Digital, my primary responsibilities revolve around the server-side of our web applications. I play a crucial role in ensuring the seamless functionality and performance of our platforms by handling server-side logic and integrating with APIs, databases, and other services.

Oct 2023 - May 2024
MEMELOPE
FULL STACK DEVELOPER
Building websites using the MERN stack.

**August 2023 - 2024
(freelance)**
Flask Full Stack Developer
Crafted, created, and sustained comprehensive full-stack Python applications customized to suit client requirements. Employed diverse Python frameworks and libraries to enhance backend functionalities. Engaged in direct collaboration with clients to guarantee deliverables matched their explicit demands.
